

ALLEN & PAGE

Rabbit & Guinea Pig Feeds

Our feeds are approved by the Vegetarian Society. They do not contain any genetically modified ingredients, and are completely drug free.

As a matter of policy, Allen & Page has taken a positive attitude towards producing non-genetically modified feed. We use only identity preserved soya and maize grown from non-GM seed. Whilst these crops are not guaranteed, we feel we have taken every reasonable precaution to ensure that you have minimal exposure to any possible GM presence.

NATURAL RABBIT PELLETS

Oil 3% Protein 12% Fibre 23%

High Fibre, Low Starch

Made from natural, wholesome ingredients - including alfalfa, grass, linseed, oat fibre and mint - these pellets are completely balanced, with all the vitamins and minerals your rabbit needs. Designed for pet rabbits or as a maintenance diet for any adult rabbit, these pellets should be fed with plenty of hay and constant access to clean, fresh water. Probiotics are included to assist gut health and boost the immune system by ensuring a healthy balance of micro-organisms in the rabbit's digestive system.

RABBIT BREEDER/GROWER PELLETS

Oil 5% Protein 15.5% Fibre 18%

High Fibre, Low Starch

These pellets are suitable for feeding from weaning through to adulthood, and to the pregnant doe. Made from natural, wholesome ingredients - including grass, linseed and oat fibre - these pellets are completely balanced, with all the vitamins and minerals your rabbit needs. Pellets should be fed with plenty of hay and constant access to clean, fresh water. Probiotics are included to assist gut health and boost the immune system by ensuring a healthy balance of micro-organisms in the rabbit's digestive system.

PREMIUM RABBIT MIX

Oil 3.5% Protein 12.5% Fibre 11%

Made from high quality ingredients - including cereals (barley, maize, oats) and peas - this mix is completely balanced, with all the vitamins and minerals your rabbit needs. Designed for pet rabbits or as a maintenance diet for any adult rabbit, this mix should be fed with plenty of hay and constant access to clean, fresh water.

GREEN PEA RABBIT MIX

Oil 3% Protein 14.5% Fibre 12%

An interesting and palatable mix made from high quality ingredients including cereals (barley, maize, oats), peas, real carrot and mint. This mix is completely balanced, with all the vitamins and minerals your rabbit needs. It should be fed with plenty of hay and constant access to clean, fresh water.
